OBJECTIVE

I am a Computer Science Engineering student passionate about building real-world tech solutions. Skilled in web development and eager to explore AI and NLP, I enjoy solving problems and creating user-focused applications. I am motivated to learn and contribute to projects that make an impact.

EDUCATION

E.S College of Engineering and Technology

B.E Computer Science and Engineering - CGPA : 8.5 upto 6th Semester

Villupuram, India

Sep. 2022 – May 2026

Board of Open Schooling

Higher Secondary

Puducherry, India

Jun. 2021 – Apr. 2022

INTERNSHIPS

Full Stack Developer Intern

Svadharna Private Inc

Jul. 2025 – Aug. 2025

Bangalore, India

- Worked on AI-based modules including resume recommender, resume validator, and media moderation systems.
- Integrated OpenRouter, Groq Cloud LLM APIs for real-time AI features.
- Built and deployed Django-based applications with AI/ML integration.

ACHIEVEMENTS & PARTICIPATION

Paper Presentation – 2nd Place

Krishnasamy College of Engineering

Apr. 2025

Cuddalore, India

- Presented research on *Multimodal Transformer for Biomedical Diagnosis*.
- Secured 2nd place among multiple participants at the symposium.

Paper Presentation – Participant

University College of Engineering

Nov . 2024

Villupuram, India

- Presented on *AI & Emerging Technologies* during a national-level tech symposium.

PROJECTS

Prototype E-commerce Website | Django, HTML, CSS, Bootstrap, SQLite

Mar. 2025 – May 2025

- Designed and developed a test-phase e-commerce platform with features like user login, product catalog, cart system, and order summary.
- Practiced full-stack development concepts with Django and database integration.
- componentpc-k.onrender.com

CERTIFICATIONS

Python – The Complete Developer (Udemy) - Learned the Basics and Intermediate of Python

Amazon Web Service – Certified Cloud Practitioner (AWS-CCP) - Learned the basics of Cloud Computing using AWS

The Complete SQL Bootcamp (Udemy) - Basics and Intermediate of PostgreSQL

TECHNICAL SKILLS & TOOLS

Programming Languages: Python, JavaScript, HTML/CSS

Databases: PostgreSQL, MongoDB

Frameworks & Libraries: Django, React

Cloud & Deployment: AWS, GitHub, Docker

Tools & Design: Figma, Adobe Premiere, Adobe Photoshop, Microsoft Office Suite, Prompt Engineering

Soft Skills: Problem Solving, Analytical Thinking, Communication, Teamwork, Adaptability, Time Management
